EC 145 (Twin) is a multi-mission capability helicopter. More space, more range, more payload and lower noise level can be experienced with this helicopter. EC 145 (Twin) is powered by 2 Turbomeca ARRIEL engines. It is fitted with 2 seats in VIP configuration. It is rated for category `A` operations with full IFR configurations and has a modern glass cockpit.

- Capacity 2 Pilots + 8 Passengers
- Power Plant 2 Turbomeca ARRIEL 1E2 Turbo Shaft
- Cruise Speed 130 kts
- Endurance 2:30 Hrs.
- Vintage 2006
- Regn No. VT – VNJ

EC 130 is a light single-engine helicopter that offers many of the benefits normally found in a twin-engine helicopter. Some of the attributes are : excellent visibility from all seats, easy access, an additional seating capacity (compared to the AS 350), low noise signature (7 dB lower than the ICAO limit), large cabin (23% more cabin space than the Astar), high endurance and commendable speed with variable speed main-rotor system.

- Capacity 2 Pilot + 5 Passengers
- Power Plant 1 Turbomeca ARRIEL 2B1 Turbo Shaft
- Cruise Speed 120 kts
- Endurance 2:45 Hrs.
- Vintage 2004
- Regn No. VT – JPL

Bell Helicopter, the 407 has a remarkable integration of speed, performance and maneuverability. Reliable beyond measure, outfitted with a spacious cabin that seats up to seven, the helicopter is configurable for an array of tasks and payloads. The 407 is the first choice of those who put performance and an incredible smooth ride first.

- Capacity 2 Pilots + 5 Passengers
- Power Plant Rolls Royce 250 C 47 B Turbo Shaft Engine
- Cruise Speed 150 Kts.
- Service Ceiling 20,000 feet
- Endurance 3:30 Hrs.
- Vintage 2008
- Regn No. VT - JIB
